

RESEARCH & DEVELOPMENT

at the
University of Ljubljana
Faculty of Public Administration

UNIVERSITY OF LJUBLJANA (UL)

Largest and highest quality Slovenian educational and scientific research organization (contributing to almost 50% of all Slovenian internationally acclaimed scientific publications) and one of the top universities and research organizations from the new EU Member States (EU-13).

Member of numerous international networks, e. g.:

CELSA (Central Europe Leuven Strategic Alliance)

CROWDHELIX | Collaboration Intelligence

EARMA (European Association of Research Managers and Administrators)

EURAXESS | Researchers in Motion

LERU (League of European Research Universities)

SBRA (Slovenian Business and Research Association)

THE GUILD (European Research-Intensive Universities)

UNICA (Institutional Network of the Universities from Capitals of Europe)

UTRECHT NETWORK (European-wide network of universities cooperating in the area of internationalisation)

EUTOPIA (European University Alliance)

EUA (European University Association)

FACULTY OF PUBLIC ADMINISTRATION (UL FPA)

Leading educational and scientific research organization in the field of public administration in Slovenia, providing the full range of 1st and 2nd degree of Bologna study programmes, as well as the joint doctoral study programme, supplementary professional training of civil servants, and international cooperation with similar educational and research institutions.

Member of the most active international organisations in the field of public administration:

EAPAA (European Association for Public Administration Accreditation)

EGPA (European Group for Public Administration)

ENPA (European Network for Public Administration)

EMPA (European Master of Public Administration Consortium)

IIAS (International Institute of Administrative Sciences)

NISPAcee (Network of Institutes and Schools of Public Administration in Central and Eastern Europe)

TEIN (Transfrontier Euro-Institut Network)

MAIN RESEARCH AREAS

Public Sector Economics & Finance

Business and Management Studies in the Public Sector (Business Process Reengineering)

Administrative Process, Public Policy and Administrative Law

Informatization of Public Sector and eGovernment

HRM in Public Administration

Relevant previous projects and activities (2016 - 2026)

31 x EU & international research projects, e. g. HE, H2020, Interreg Alpine Space, E+ Jean Monnet Network, E+ Strategic Partnerships, EUSDR, SOCPL

133 x national & structural funds research projects, e. g. Slovenian Research and Innovation Agency, ESF, ERDF

INVOLVING THE OUTSIDE WORLD

We create knowledge and share it with society

Many public procurement and consultancy (industry) projects, e. g. OECD SIGMA, EUPACK, Eurofound, Slovenian public bodies (e. g. different Ministries).

Researchers focus on the transformation of public administration through co-creation, digitalisation, and citizen centred governance. Key research areas include artificial intelligence adoption in the public sector, eGovernment, cross border digital services, and data driven decision making.

The research also addresses public sector performance, administrative modernisation, and evaluation of policies and programmes, alongside labour market challenges, workplace innovation, and entrepreneurship.

Additional emphasis is placed on innovative learning and teaching, higher education quality, and the development of research and innovation capacities through interdisciplinary and international collaboration.

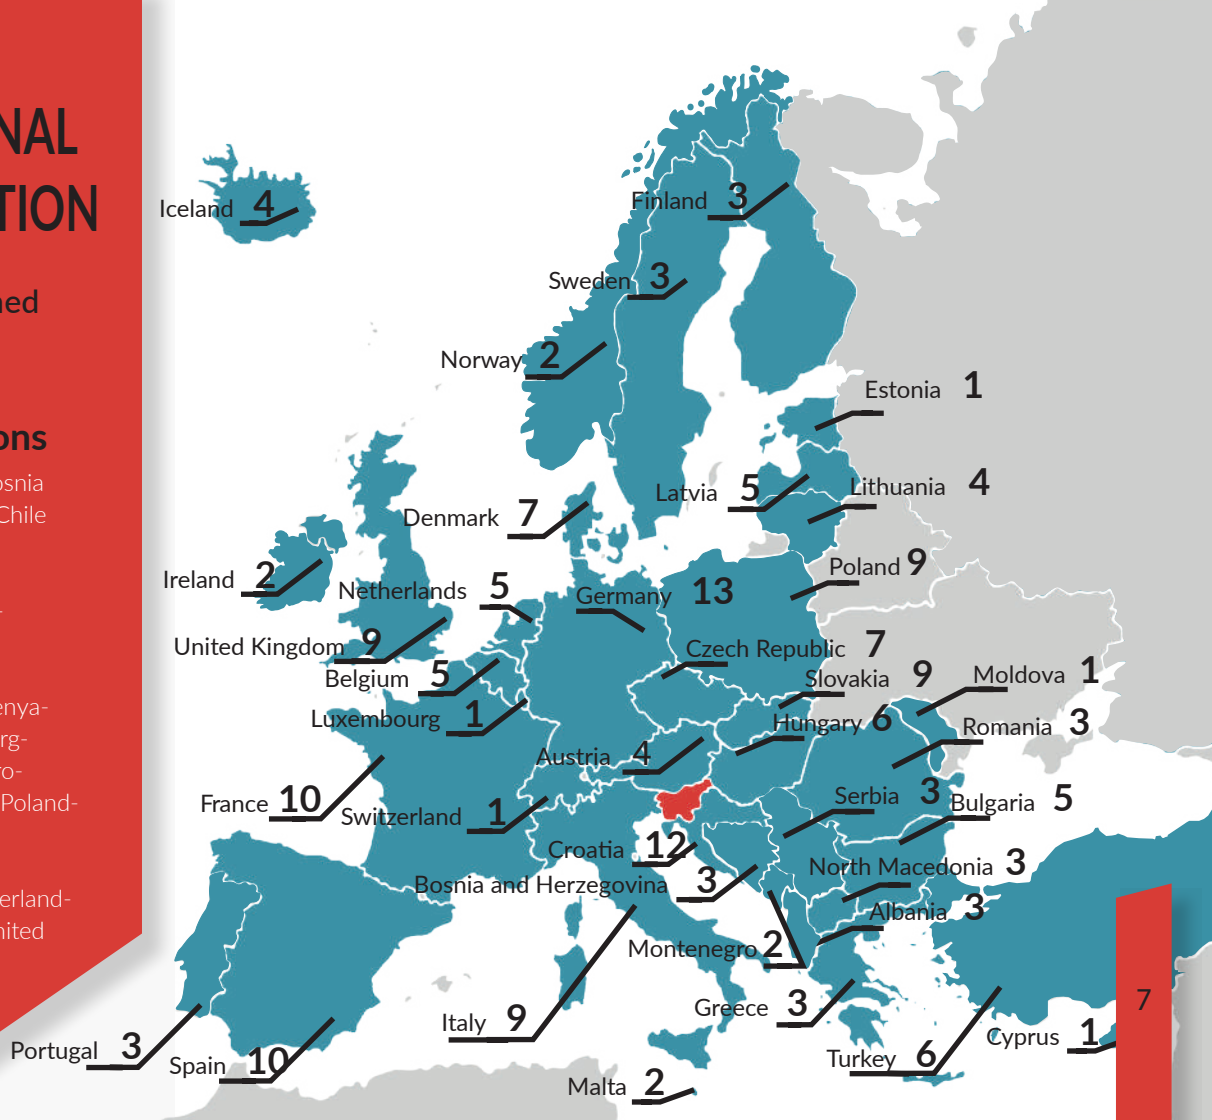

INTERNATIONAL COLLABORATION

Collaboration with many world-renowned institutions

188 collaborations
